Contents

Number 1 February 1989

1 *G.M. Lockie and A. Wise.* Food habits and nutritional labelling of foods

7 *Erica Wheeler, Judith Stewart and Claire Schofield.* Dietary variety during and after pregnancy in Scotland and England

19 *Julie A. Jordan and Mary Ann Novascone.* Effect of altered feeding patterns on serum lipids and lipoproteins in adult males

25 *B.L. Coyle and G.E. Sladen.* Whole protein lipid diet in the treatment of acute uncomplicated Crohn's disease

31 *J.A. Bower.* Cooking for restricted potassium diets in dietary treatment of renal patients

39 *Leena M. Viita, Marja L. Mutanen and Hannu M. Mykkänen.* Selenioum–iron interaction in young women with low selenium status

43 *Mikko Sinisalo, Jorma Kumpulainen, Maija Paakki and Raija Tahvonen.* Content of major and minor mineral elements in weekly diets of eleven Finnish hospitals

49 *J.E. Cade and B.M. Margetts.* Dietary patterns in three English towns in relation to dietary goals and RDAs

SHORT COMMUNICATION

55 *S.A. Sangster and R.C. Righelato.* A survey of micronutrient levels in a range of sugars (sucrose) of varying purity

Number 2 April 1989

61 Editorial

63 *A. Lucas.* Infant nutrition

73 *R.G. Whitehead, A.A. Paul and T.J. Cole.* Diet and the growth of health infants

85 *M. Elia and P.G. Lunn.* The place of some newer techniques in studies of nutrition in the hospitalized patient

95 *A.M. Prentice, A.E. Black, P.R. Murgatroyd, G.R. Goldberg and W.A. Coward.* Metabolism or appetite: questions of energy balance with particular reference to obesity

105 *M.R. Clements.* The problem of rickets in UK Asians

117 *C.J. Bates and H.J. Powers.* Studies in micronutrient intakes and requirements in The Gambia

125 Current Literature

Number 3 June 1989

137 *D.M.W. Anderson and M.A. Eastwood.* The safety of gum arabic as a food additive and its Energy Value as an ingredient: a brief review

145 *M.A. Gross-Sampson, D.P.R. Muller and J.K. Lloyd.* Clinical importance of vitamin E: a review

151 *Ruth James.* Restoration and maintenance of nutrition in Crohn's disease: a case study

155 *Evelyn Greaves and Rino C. Coladangelo.* Phytobezoar formation encircling a disintegrated nasogastric in an unconscious patient: a case history

159 *Christina A. Kwiatkowska, P.M. Finglas and R.M. Faulks.* The vitamin content of retain vegetables in the UK

173 *Caroline C. Horwath.* Socio-economic status and dietary habits in the elderly: results from a large random survey

185 *Caroline C. Horwath.* Marriage and diet in elderly Australians: results from a large random survey

195 *P.G. Williams and J.C. Brand.* Patient menus in New South Wales hospitals

205 Current Literature

Number 4 August 1989

REVIEW

217 *D.E. Smith and I.W. Booth.* Nutritional assessment of children: guidelines on collecting and interpreting anthropometric data

225 *Ann M. Fehily, Elaine Vaughan-Williams, Kathleen Shiels, Ann H. Williams, Margaret Horner, Georgina Bingham, Michael L. Burr and Ruth M. Holliday.* The effect of dietary advice on nutrient intakes: evidence from the diet and reinfarction trial (DART)

237 *J.B. Henderson, B.M. Glekin, W.B. McIntosh and G. Dunnigan.* A health education campaign to prevent osteomalacia in Asian women in Glasgow: 1984–86

253 *H.N. Englyst, S.A. Bingham, S.A. Runswick, E. Collinson and J.H. Cummings.* Dietary fibre (non-starch polysaccharides) in cereal products

273 *M.L. Burr and Ruth M. Holiday.* Fruit and stomach cancer

279 *J. Williams, D.J. Handy and P.H. Weller.* Improving oral energy intake in older children with cystic fibrosis

287 *M. Clarke.* Computerized dietary analysis: a truly interactive approach

295 Obituary: R.J.L. Allen, O.B.E.

Number 5 October 1989

REVIEWS

299 *Ann M. Fehily.* Dietary determinants of bone mass and fracture risk: a review

315 *Ruth James.* Nutritional support in alcoholic liver disease: a review

ORIGINAL CONTRIBUTIONS

325 *Sonia Williams, Pinki Sahota and C.G. Fairpo.* Infant feeding practices within white and Asian communities in inner-city Leeds

339 *K. Tadesse.* A modified lactose tolerance test for determining the degree of lactose malabsorption in an individual

345 *Barbara Thompson, Debbie Skipper, Cynthia Fraser, Angela Hewitt and D. Hunter.* Dietary intake of Aberdeen primigravidae in 1950/51 and 1984/85

361 *J.M. Loughridge, A.D. Walker, H. Sarsby and R. Sheperd.* Foods eaten outside the home: nutrient contribution to total diet

371 *Gillian C. Pearson, Anne E. de Looy and J. Webster.* Analysis of the dietetic treatment of obesity

379 Book Reviews

383 Current Literature

393 Erratum

Number 6 December 1989

REVIEW

395 *F.B. Campbell.* Quality assurance in nutrition and dietetic service provision

ORIGINAL CONTRIBUTIONS

403 *G.S. Frost and Clare Corish.* Reproducibility of upper-arm anthropometry in subjects of differing body mass

407 *J. Edington, M. Thorogood, M. Geekie, M. Ball and J. Mann.* Assessment of nutritional intake using dietary records with estimated weights

415 *Wendy Doyle, M.A. Crawford, A.H.A. Wynn and S.W. Wynn.* Maternal nutrient intake and birth-weight

423 *F.T. Pender.* The effect of increasing the dietary fibre content of diets of patients with chronic renal failure treated by haemodialysis at home

429 *Janet P. Lambert and J.W.T. Dickerson.* A survey of high-fibre diet-sheets used in the treatment of irritable bowel syndrome in Great Britain

437 *Nutrition Subcommittee of the Professional Advisory Committee of the British Diabetic Association.* Dietary recommendations for children and adolescents with diabetes
